

Over the past several weeks, thousands of FedEx team members selected 12 nonprofits from across the six regions in which FedEx operates that will each be awarded a \$50,000 USD grant, for a total FedEx investment of \$600,000 USD toward sustainable solutions.

Congratulations to the 12 selected nonprofits!

- **Asia Pacific**

- The [Arbor Day Foundation \(APAC\)](#) is the largest nonprofit membership organization dedicated to planting trees. The organization's vision is to help others understand and use trees as a solution to many of the global issues we face today, including air quality, water quality, a changing climate, deforestation, poverty, and hunger.
- [Gawad Kalinga](#) Gawad Kalinga, in the Philippines, provides safe water systems that will benefit community members, who will be able to access a clean and safe water source and clean surroundings.

- **Canada**

- [The Canadian Parks and Wilderness Society](#) (CPAWS) is Canada's only nationwide charity dedicated solely to the protection of the country's public land, ocean, freshwater, and ensuring its parks are managed to protect the nature within them.
- [WWF-Canada](#) creates solutions to the environmental challenges that matter most for Canadians. They work in places that are unique and ecologically important, so that nature, wildlife and people thrive together. Because we are all wildlife. For more information, visit [www.wwf.ca](http://www.wwf.ca).

- **Europe:**

- [Rewilding Europe](#) works to create rewilded landscapes across Europe. Their mission is to make Europe a wilder place, with more space for wild nature, wildlife and natural processes.
- [Ocean Cleanup](#) develops advanced technologies to rid the world's oceans of plastic. The organization aims to achieve this goal by taking a two-pronged approach: stemming the inflow via rivers and cleaning up what has already accumulated in the ocean.

- **Latin America-Caribbean**

- [Pronatura](#) is focused on promoting behavioral changes in society to achieve better models for the conservation of biodiversity and to ensure the resilience of environmental services that contribute to a just and equitable society alongside nature.

- [SOS Mata Atlantica](#) is an organization with the mission to protect the Mata Atlantica (the Atlantic Forest) in Brazil through the monitoring of the biome, research studies, partnerships with the private and public sectors, legislation, and community engagement.
- **Middle East, India, and South Africa**
  - [Solar Sister](#): Solar Sister delivers reliable clean energy solutions to the most energy-poor and vulnerable communities in Sub-Saharan Africa. Founded in 2009, Solar Sister has created a deliberately woman-centric direct sales network that brings clean energy technology to remote communities in rural Africa.
  - [United Way Mumbai](#) supports multiple environmental sustainability projects, including urban forestation, protecting mangroves, and watershed development. Their programs support community welfare and operate hand-in-hand with environmental protection and reclamation.
- **United States**
  - [Living Lands & Waters](#) is an environmental organization that protects, preserves and restores the natural environment of the America's major rivers and their watersheds.
  - [Ocean Conservancy](#) is working to protect the ocean from today's greatest global challenges. Together with its partners, the organization creates science-based solutions for a healthy ocean and the wildlife and communities that depend on it.
